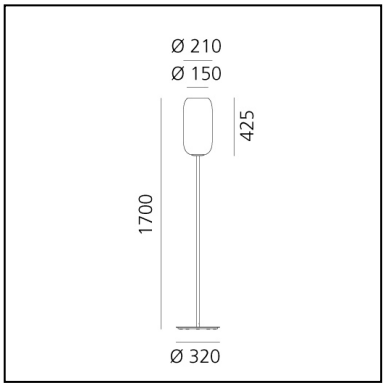
Gople Floor - Silver

BIG - Bjarke Ingels Group

IP20



LUMINAIRE

- Watt: **20W**
- Delivered lumens output: **1456lm**
- CCT: **3000K**
- Efficiency: **59%**
- Efficacy: **72.82lm/W**
- CRI: **80**

DESCRIPTION

The basic form of the Gople Lamp enhances the beauty of glass, hand-processed according to an ancient Venetian technique that gradually turns white glass into crystal glass by combining both upon blowing, thus making each piece unique. More innovative finishes are added, including silver or copper vacuum metallization.
Silver, bronze, copper and blue finishes are made with an innovative and sustainable metal vacuum deposition process. From the point of view of environmental-friendliness, “sputtering” is the absolutely cleanest coating technology for the type of metal used and because all emissions are abated, in particular those into the atmosphere of sulphuric acid and cyanides produced by galvanic processes.
Solid paint with up to 5% of solvents (compared to 75% of traditional products) is employed for the successive protective clearcoat phase.
The process generates very little waste and the resulting finish is particularly resistant over time. In any of these cases, glass finishing is designed to ensure the best relation with the emitted light, screening the source and maximizing direct emission through transparency. The most basic version with the traditional E27 or E14 joint is designed to provide different performance levels compared to the more innovative RWB version, where colours can be combined with each other to create lightscapes that meet space requirements. It is a timeless solution for its flexibility in adjusting to the development of standard source technologies.

PRODUCT CODE: 1410010A

FEATURES

- Article Code: **1410010A**
- Colour: **Silver**
- Installation: **Floor**
- Material: **Blown glass, aluminium**
- Series: **Design Collection**
- Environment: **Indoor**
- design by: **BIG - Bjarke Ingels Group**

DIMENSIONS

- Height: **cm 170**
- Diameter: **cm 21**
- Base Diameter: **cm 32**

SOURCES NOT INCLUDED

- Category: **LED RETROFIT**
- Number: **1**
- Watt: **20W**
- Socket: **E27**

We reserve the right to change our product specifications. — November 2020
