Additional information

Since this is a collection of handwoven carpets the exact size and colours of each carpet might vary slightly. Use anti-slip and place it under the entire rig for increased safety and comfort.

Care instructions

Vacuum the carpets regularly - the best way to protect it is to keep it clean. Vacuuming will remove dirt before it settles in the fibres. Avoid vacuuming with the beater bar on because the rotating brush is too abrasive for wool rugs and can cause excessive shedding.

Dry spots
Remove immediately by scraping carefully towards the middle of the spot.

Wet spots
Do not rub. Absorb with paper towels, damp with cloth and mild detergent.
Proper carpet cleaning when necessary.

Professional cleaning
If you need to clean your carpet, make sure you contact a professional cleaner.

Do not wash. Do not bleach. Do not tumble dry. Do not iron. Do not dry clean.
