# Pump pendant

Designed by KUTARQ Studio

*The Pump pendant is inspired by the characteristic shape and function of hot air balloons and thereby the idea of a luminaire lifting off the ground. With its soft opal glass contrasting to the simple tubular steel ring, the pendant expresses complete simplicity when floating in the air.*

## Year

2022

## Category / type

Lighting / pendant

## Materials

Opal glass shade with painted metal frame (smooth surface)

## Assembly instructions

Access the manual [here](#)

## Specifications

E14 (cUL: E12 base), max 25W

IP20, Class II, A++

## Versions available

CE, cUL/UL, SAA

## Cord

Black fabric covered cord (3000 mm/118.1")

## Canopy

Round, black painted metal

( $\varnothing$  100 x H 20 mm/ $\varnothing$  3.9 x H 0.7")

## Bulb

Not included

## Country of origin

China

## Packaging

No. of boxes: 1 box

L 320 x D 320 x H 320 mm

L 12.6 x D 12.6 x H 12.6"

## Weight

1,5 kg (2,2 kg incl. packaging)

## Care instructions

For daily care, wipe off with a clean, moist cloth followed by a soft dry cloth. All our recommended care guides can be downloaded [here](#).

## Item no / colour

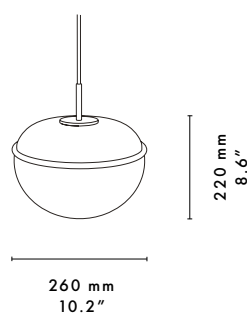

137032 Black/opal glass (CE)

139312 Black/opal glass (cUL)

## Product dimensions

$\varnothing$  260 x H 220 mm

$\varnothing$  10.2 x H 8.6"

# Pump pendant

Designed by KUTARQ Studio

## English text

The Pump pendant is inspired by the characteristic shape and function of hot air balloons and thereby the idea of a luminaire lifting off the ground. With its soft opal glass contrasting to the simple tubular metal ring, the pendant expresses complete simplicity when floating in the air.

The frosted opal glass makes Pump ideal for spots and settings, where a pleasant light is needed. Let the pendant express itself or hang them together in pairs, whether that be above your dining table or in a corner to create a cosy atmosphere.

## Designed by KUTARQ Studio

A multidisciplinary design studio based in Spain. The architect and designer behind the studio, Jordi López Aguiló, designs playful and useful objects, along with a desire to discover simple designs. With the constant challenge of revealing the soul behind his objects, he offers an aesthetic design with personality.

## Danish text

Pump er inspireret af varmluftsballoners ikoniske form samt funktion og dermed ideen om at løfte lys fra jorden på en elegant måde. Den slanke metalring skaber kontrast til det hvide opalglas, hvilket giver pendlen et fuldendt minimalistisk udtryk, når den svæver i luften.

Gennem sin matterede skærm giver Pump et blødt lys, der gør den ideel over spisebordet eller læsehjørnet, hvor der er behov for et dæmpet, behageligt lys. Lad den hænge alene for at lade lampen udtrykke sig i sin enkelthed, eller hæng dem samlet for at skabe en mere dekorativ og kraftfuld belysning.

## Designet af KUTARQ Studio

KUTARQ Studio er et tværfagligt designstudie med base i Spanien. Arkitekten og designeren bag studiet, Jordi López Aguiló, designer belysning, accessories og møbler fra et unikt og pragmatisk perspektiv. I sin designproces lader han sig udfordre og arbejder konstant på at finde og udtrykke produktets identitet for at tilbyde forbrugeren et æstetisk design med personlighed.
