

VISU COUNTER & BAR STOOL

MIKA TOLVANEN ON THE DESIGN "The idea for the Visu Bar Stool was to create an elegantly simple interpretation of the archetypal wooden seat. I wanted for the design to have a subdued and timeless character that would add feelings of modern familiarity to any room together with a comfortable seat. The Visu Bar Stool features a seat in form-pressed alongside and a discrete footrest for a new perspective on the traditional wooden bar stool, echoing the ideas of Scandinavian design together with a modern expression."
