EOS EVIA LARGE | LAMP SHADE

Designed by Søren Ravn Christensen

SHAPES FROM THE NATURE

Resembling the shape of nature's beehive, Eos Evia is a magnetic design piece with an irresistible tactility. The Eos Evia lampshade will be the centre of attention hanging as a chandelier in the living room or hallway.

The name Eos originates from Greek mythology, the goddess of the dawn, referencing how the lampshade looks like clouds in the sky and the two new shapes are no different. Named after the two daughters of the designer. The shapes Evia and Esther are opening new expressions and possibilities together with the existing Eos collection.

We take the story of Scandinavian design further than ever before by combining aesthetics, simplicity and functionality and infusing it with thoughtful craftsmanship and environmental care. Our designs are deeply rooted in the diverse urban landscape and raw nature surrounding our home in the heart of Copenhagen, Denmark. Having begun our journey in November 2008, we are celebrating our 10th anniversary this year by constantly growing and expanding the conventions around contemporary design.
