**Designer:** Kutarq Studio

**Founder:** Jordi López Aguiló

**Country:** Spain

**Also working for:** Hay, Bolia, Umbra and Other

Launched in 2022

### Inspired by

- The function and shape of hot air balloons

### Design

- Expresses complete simplicity
- Oblong shade floats in the air

### Features

- Soft opal glass for a pleasant, ambient light
- Matching black fabric cord

### Ideal for

- Spots where a pleasant light is needed
- Dining rooms, reading corners

### Product text

The Pump pendant is inspired by the characteristic shape and function of hot air balloons and thereby the idea of a luminaire lifting off the ground. With its soft opal glass contrasting to the simple tubular metal ring, the pendant expresses complete simplicity when floating in the air.

The frosted opal glass makes Pump ideal for spots and settings, where a pleasant light is needed. Let the pendant express itself or hang them together in pairs, whether that be above your dining table or in a corner to create a cosy atmosphere.
