OSAKA BOWL MINI

Osaka is inspired by ceramic storage objects from Asia. The simplified half sphere shape is lifted from the ground by three massive walls, adding a sculptural detail to the design.

With it's sculptural and architectural shape the OSAKA BOWL brings character into any interior scheme. The bowl is cast in solid fiber concrete, adding a certain heaviness to the brutalistic object, while also creating a unique and refined surface texture.

Use the bowl for various decoration purposes, or stand alone to create an art piece in itself.

Hand glazed natural product therefore the colours may variate.

Not waterproof safe.
