Florence Shelf

Knut Bendik Humlevik & Josefine Hedemann

The Florence Shelf was created to display the beauty of life's objects. The lightness of the delicate asymmetrical frame provides grounding, as the objects appear to float on the glass shelves. This allows you to focus on their individual qualities and material composition. With its unpolished, raw beauty it will transform your home into a private gallery.

About the designers

Knut Bendik Humlevik & Josefine Hedemann

After years of experience as a product designer, Knut Bendik Humlevik became New Works creative director in 2014. Leading the story of New Works in collaboration with a number of internationally renowned designers, Knut also contributes his own pieces to the collection. His Scandinavian heritage is combined with an internationally inspired passion for honest materials, in a quest to create artistic and highly functional objects.

Inspired by interesting silhouettes and shapes, Josefine Hedemann experiments with unpolished, beautiful materials and colours to create products. Working alongside styling and installation projects, Josefine uses these same principles to create works with strong narratives, poetic and elegant stories that invite the user into her universe.
