# A Chair, Just as a Chair Should Be

Effortless and timeless, Nicholai Wiig Hansen's My Chair from 2013 is just about as close as you get to a new classic: a minimal chair in molded veneer, that moves gently with your body. The rounded corners and curved waist counterbalance the stringent design of the chair and give it a warm and welcoming feel. Since 2013, the series has been expanded with new family members.

## My Chair

My Chair is the result of designer Nicholai Wiig Hansen's vision of the perfectly balanced chair: "My aim was to design a chair with unequalled harmony and to try and come close to the indefinable quality that, in my opinion, lifts a design to another level. My Chair is a mixture of something familiar and something new, something neutral yet characterful, something present but not dominating, something simple as well as complex and something rigorous as well as curved. In other words, My Chair is a shell chair the way I think it should be." Nicholai Wiig Hansen

With its minimalistic silhouette, My Chair is ideal for spaces that need a large number of seats, as the design can be multiplied without taking over the interior. The later additions, lounge chair and bar stool, expand the opportunities to create coherent furnishings with the My Chair series.

## Expanding the collection

The lounge chair model continues My Chair's characteristic back in a chair with a lower seat height. Lowered towards the floor in a reclining posture, it achieves a balanced and refined design, that is eminently suitable for spaces that require a lighter lounge chair.

The series' distinctive design traits are repeated in the barstool with a high backrest, which makes it a comfortable companion to a high table, a bar or a kitchen island.

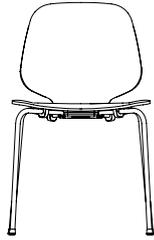

## A Versatile Series

The My Chair series is versatile and can be customized to fit your needs and personal expression. Customize your chair with wooden legs by choosing either veneers of walnut, oak or painted and lacquered ash or opt for a more minimalistic design and choose chrome or powder-coated steel.

In addition, My Chair can be upholstered in several different textiles. Choose between front upholstery and full upholstery or enjoy My Chair in its purest form without upholstery.
