Cleaning instructions

Powder coated metal: It is recommended only to use a soft dry cloth to clean powder coated surfaces but in case more severe cleaning is necessary, a soft cloth wrung in lukewarm water can be carefully applied. Always dry immediately after cleaning with a soft dry cloth. Avoid using abrasive cleaning agents or aggressive cleaning detergents on powder coated surfaces as this may permanently damage the surface.

Lacquered wood: For daily care it is recommended to dust the furniture with a soft cloth. Lacquered wood can be cleaned with a soft cloth wrung in a mild solution of lukewarm water and a universal cleaning detergent. Avoid use of abrasive cleaning agents and aggressive cleaning detergents as this will damage the surface of the lacquered wood. Avoid placing wooden furniture in direct sunlight, excessive heat or humidity.

Step 1

Remove the mounting plate (B) from the hook (A) by loosening the set screw (E) clockwise with the Allen key (F)

Step 2

Place the mounting plate (B) in the desired space on the wall. Make sure it is leveled by using a spirit level.

Mark hole placement, remove the mounting plate and drill holes on the marked spots. Insert the wall plugs (D) and fasten the mounting plate with the screws (C).

Step 3

Attach the hook (A) on the mounting plate (B) and fasten the set screw (E) counterclockwise with the Allen key (F).
